

Personalize your very own sweet stamps. Choose a template and use the etching tool to add your own flair to each image. Roll paint over the template and add your unique stamping style to notebooks, wrapping paper, cards, and more.

Use the etching tool to draw your own designs onto the shaped styrofoam.

Once your design is complete, use the foam roller to apply acrylic paint to the styrofoam.

Stamp the paper with your styrofoam to create a custom card or work of art.
