

Game End

If the other players guess the word in 20 questions or less, say You Gussed It! Everyone wins that round. If the other players reach 20 questions before guessing the word, you all lose. Reveal the word. It's now the next player's turn to pick a card and choose a word. Keep playing until all players have played 3 words.

Competitive Play Option

If you just can't help yourself and you NEED to play competitively, here's how to score. Each time a player guesses a word correctly, give that player the card. The player with the most cards at the end of the game wins.

You GUESSED It!™

A 20 Questions Card Game

Instructions

Ages 7 and up
2 or more players

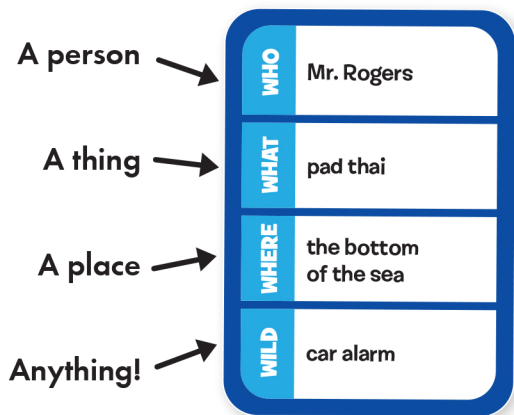

You Gussed It! is a cooperative version of the classic game 20 Questions. All players work together as one team to correctly guess a word. One player knows the word and the other players guess it in 20 YES or NO questions or less. Is that it? you ask. YES! You guessed it! It's that simple.

Set Up

Shuffle the cards and place them face down in a draw pile where everyone can reach them. The player who most recently asked a question goes first and play continues clockwise.

How to Play

On your turn, take the card off the top of the pile. Each card has 4 categories.

Choose 1 word (or phrase) that appeals to you most. If you don't see a word you like, take another card. Announce the CATEGORY (WHO, WHAT, WHERE, or WILD) to the other players. **Do not say the word aloud.**

The other players now have 20 YES or NO questions in which to guess the word. You are allowed to answer only "yes" or "no" to each question—no maybes, no sometimes, no hints!

On a piece of paper, or with your fingers and toes, keep track of the number of questions the other players ask.
