THE CARD GAME

CAPTAIN AMERICA HERO PACK

Endowed with a superhuman physique and driven to be the most capable combatant in the world, Steve Rogers fights an ongoing battle for liberty, justice, and the American dream as Captain America!

This hero pack comes with everything you need to play as Captain America, including a pre-built deck.

For your first game with Captain America, take all of the cards preceding the divider card and follow the Setup instruction in the Learn to Play. There is a complete decklist on the reverse side of the divider card for your reference.

The remaining cards included after the divider card can be used when creating your own custom player deck. The rules for deck customization can be found in Appendix I of the Rules Reference.

CAPTAIN AMERICA / LEADERSHIP

With his iconic shield in hand, Captain America is unrelenting in his desire to protect the freedom of others, and is always ready to defend the innocent and retaliate against the guilty. Use a well-timed Shield Toss to take down multiple enemies at once, or rush into the fray with Fearless Determination and save the day!

With the Leadership aspect, activate Avengers Tower or Quinjet to call on Captain America's long-time friend, Falcon, or the always-eager Squirrel Girl. Once the team is prepped and ready, coordinate a powerful attack using Avengers Assemble to take down the villainous forces.
